Exam Schedule Clarification:

June 3–4 are regular instructional school days operating on a normal attendance and transportation schedule.

Teacher-made exams scheduled on these dates were implemented based on policy set in place.

Students should be informed by their teacher ON June 2 if they are required to take a teacher-made final exam based on grades and attendance requirements.

As has always been school policy and procedure for regular instructional days, students who do not have a teacher-made exam to take and choose not to attend school on June 3–4 will still be marked absent.

Students who attend school on June 3–4 will continue to follow their regular class schedule, even if they do not have a teacher-made exam to take. They will STILL report to that classroom.

June 5–11 are designated state testing and exam days, including EOCs, CTE assessments, and approved make-up testing opportunities. EOC make-up and retest opportunities must remain available in accordance with NC DPI guidelines, as students may opt to retest after scores are released, which can take 24–72 hours to process.
