English II

- PLEASE READ -

Exam Exemptions (Teacher-Made Exams): Students may be exempt from teacher-made final exams if they meet all of the following criteria:

- Projected final grade of B or higher in the course
- No more than 10 absences (including excused, unexcused, and educational leave)
- No more than 10 tardies in the course (**Seniors are not required to meet the criteria for tardies to be exempt from a teacher-made exam**).

Students will be notified on Wednesday, January 14, if they qualify for an exam exemption.

If a student is exempt from their final exam(s), they do not need to attend "Review Day" or attend school on exam days.

Students must bring their charged, updated Chromebook to take their EOC/CTE exams.

CTE/EOC State Exams: All students must take their CTE and/or EOC state exams during their scheduled testing session(s).

Teacher-Made Exams: Teacher-made final exams (minimum 120 minutes) will be traditional assessments that cover the course standards.

Final exams count as 20 percent of a student's final grade. If a student does not take the final exam, they will receive a zero for the final exam grade.

Students will be dismissed to the cafeteria when their exam session ends, and can be picked up at that time.

Please fill out this form <https://bit.ly/GLHSFallExams> if you need lunch, will stay on campus for a review session, and/or need to ride the bus at 2:15 pm.
