

**Bring  
Your  
Own  
Device**

**Leesville Road High School  
OPT-OUT FORM**

January, 2017

Parents and Guardians -

LRHS is now taking part in the WCPSS pilot program for "Bring Your Own Device." Students will be able to bring their personal Smart phone, laptop, tablet, or other web-access device to school for instructional classroom usage. Students are not required to bring a device - this is a voluntary program to help provide more students with network access using devices they feel comfortable with (their own).

Note that LRHS staff members are not permitted to touch the device, except for confiscation due to disciplinary reasons. In addition, staff cannot provide technical support for privately owned devices. LRHS, its staff, and the WCPSS are not liable for loss or damage to the device. It is up to the student to keep his/her personal device safe and secure while on campus.

Students must abide by the BYOD policies and procedures the school has established. You can learn more about these on our website at:

<http://bit.ly/lrhsbyod>

Devices may only be used when directed by staff members for instructional purposes. Staff members will never require students install apps. Any digital tools or resources used for instruction on BYOD devices will not require any form of cost for the student. Students will be required to use the new "WAKE-BYOD" network.

**If you prefer your student not be able to use his/her personal device in class, please return this opt-out form to your student's 2nd period teacher or the LRHS Media Center.**

Student Name: \_\_\_\_\_

Grade: \_\_\_\_\_

**I do not grant permission for my student to bring a personal device to school for classroom instructional usage.**
