Swarthmore College, one of the nation's top liberal arts and engineering colleges, **has asked Broughton to nominate interested rising seniors for their all-expenses-paid fly-in program Discover Swarthmore. Nominations are due Sunday, June 15, 2025.** Nominees stay on a college campus for a few days and get a taste of the college experience — meeting current students and professors, eating in the dining hall, and spending a few nights in college dorms with student hosts — with all expenses paid by Swarthmore. Not only do students get a glimpse of college life, but they also gain valuable information about college admissions and financial aid from experts. Fly-in programs are also a helpful way to see if a specific college is the right fit for them. While the Fall 2025 program dates have not yet been finalized, we typically offer two Discover Swarthmore programs, in mid-September and late October, to give students maximum flexibility. All interested rising high school seniors (U.S. citizens, permanent residents, and undocumented/DACA students attending school in the United States) are welcome to apply to Discover Swarthmore, though preference will be given to students who are the first in their families to attend college, students from low-income backgrounds, and students who might not otherwise be able to afford a trip to campus. **If interested, see Mr. Rudder in Student Services, Room 1202.**
