Important Notes About the Driver's Ed Program

- **Driver's Education has TWO parts:**
 1. **Classroom instruction** (30 hours, must be completed first)
 2. **Behind-the-Wheel (BTW) driving instruction** (6 hours driving + 6 hours observation)

 Due to the high number of students, there is often a **3-4 month wait** between the classroom portion and the driving portion.

Please plan accordingly.

Behind-the-Wheel (BTW) Driving Update – December 2025

- Driving instructors are currently scheduling lessons for students who took the **August 2025 class**.
- Students from **October** will drive in **January and February**.
- Students from **November** will most likely drive in **February and March**.
