

MPMS Afternoon Carpool Map

We ask that no cars cue up at the stop sign until 2:30.

1. Enter the campus at the Mills Park Schools sign. At this point you will notice the blue stripes indicating the carpool path.

2. Turn left into the middle school parking lot and **3.** Please continue to follow the blue lines as they weave up and down the parking lot lanes.

4. Cars will then line up from the orange cone to #4 (stop sign). Please **DO NOT** stop if you see your child. Please pull up until the line stops. Additional cars will be held by a Staff Member at the orange cone. All cars between the cone and the stop sign will need to be filled up before the line moves. Please stress to your student that they must watch for their car and move to the car whether it is in the front or the back of the line. Do not exit the line once your student is in your car. If your child does not load into your car when the line is dismissed, we will direct your car back into the carpool line to circle around again. We ask that you please respect the request of the assigned staff member at the cone and wait for instruction to move forward as well as the staff members directing traffic.

Cars parked in the lot after 2:30 may not be able to leave until the end of the carpool. Cars trying to backup out of a parking spot will impede the carpool flow. Please follow the flow of the carpool and pick up your student in the line at the front of the school.

Please do not park outside of the middle school parking lot and ask your students to walk to meet you. Students will not be allowed to walk past the stop sign in the front of the school.
