

2023/2024 ELECTIVE COURSE OPTIONS FOR 6TH GRADE STUDENTS

Zebulon GT Magnet Middle School

Elective courses are not required subject areas like reading and math but are optional courses that may be of interest to your child. Each middle school offers unique elective courses that your child can choose to take. The elective courses listed below are options for 6th grade students. It is important to note that the availability of elective courses is dependent upon each school's master schedule and choosing an elective does not guarantee its availability in your child's individual schedule.

You will be attending a GT Magnet Middle School. **In addition to entering your elective choices on this form and entering elective choices in Powerschool, you will be given the opportunity to prioritize which courses you would like on a Google Form.** *This does not guarantee you will receive your top choices, but it will give your school more information about what you'd really like within the choices you made in Powerschool.*

Complete priority elective Google Form: <https://bit.ly/zms6reg>

Elective Registration: You should have a **TOTAL** of **23** electives indicated (1 is already chosen for you)

- 1 Grade Level Required CTE Course is selected for you
- Choose 5 Active Classes (4 Required)
- Choose 12 Primary /first choice electives
- Choose 5 alternate/second choice electives
- Please review your options carefully (Course Descriptions:<https://bit.ly/zms6courses>)
